OceanMat
FLOOR PROTECTION

Our chair mats keep your floors protected aginst scuffs, scratches and spills.

Each Of Us Can Do Our Part

Do you know how much plastic waste is in our oceans and waterways? It's staggering, and it's harming marine life, too. Each of us can do our part to help stop the flow of plastics into waterways and oceans. We are doing our part, with the creation of OceanMat – a line of chair mats made from 100% ocean bound plastic waste.

At Deflecto, we take pride in our high manufacturing standards and attention to detail in our chair mats. Now, with OceanMat, we can also help reduce irresponsible waste by recycling ocean bound plastic pollution.

OceanMat For Carpeted Floors (studded)

This lightweight chair mat functions best on low-pile and commercial carpets up to 1/4" thick. Its studded design grips carpet to keep the chair mat from moving while protecting carpet.

MODEL NO.	DESCRIPTION	COLOR	W x D x H
CM1K112OCB	Lipped	Clear	36" x 48" w/ 19" x 10" Lip
CM1K142OCB	Rectangle	Clear	36" x 48"
CM1K232OCB	Lipped	Clear	45" x 53" w/ 25" x 12" Lip
CM1K442FOCB	Rectangle	Clear	46" x 60"

OceanMat For Hard Floors (non-studded)

This non-studded chair mat helps prevent scuffs, scratches and other damage to hard floors caused by shoes and chair casters.

MODEL NO.	DESCRIPTION	COLOR	W x D x H
CM2G112OCB	Lipped	Clear	36" x 48" w/ 19" x 10" Lip
CM2G142OCB	Rectangle	Clear	36" x 48"
